

WRAP SKIRT PATTERN

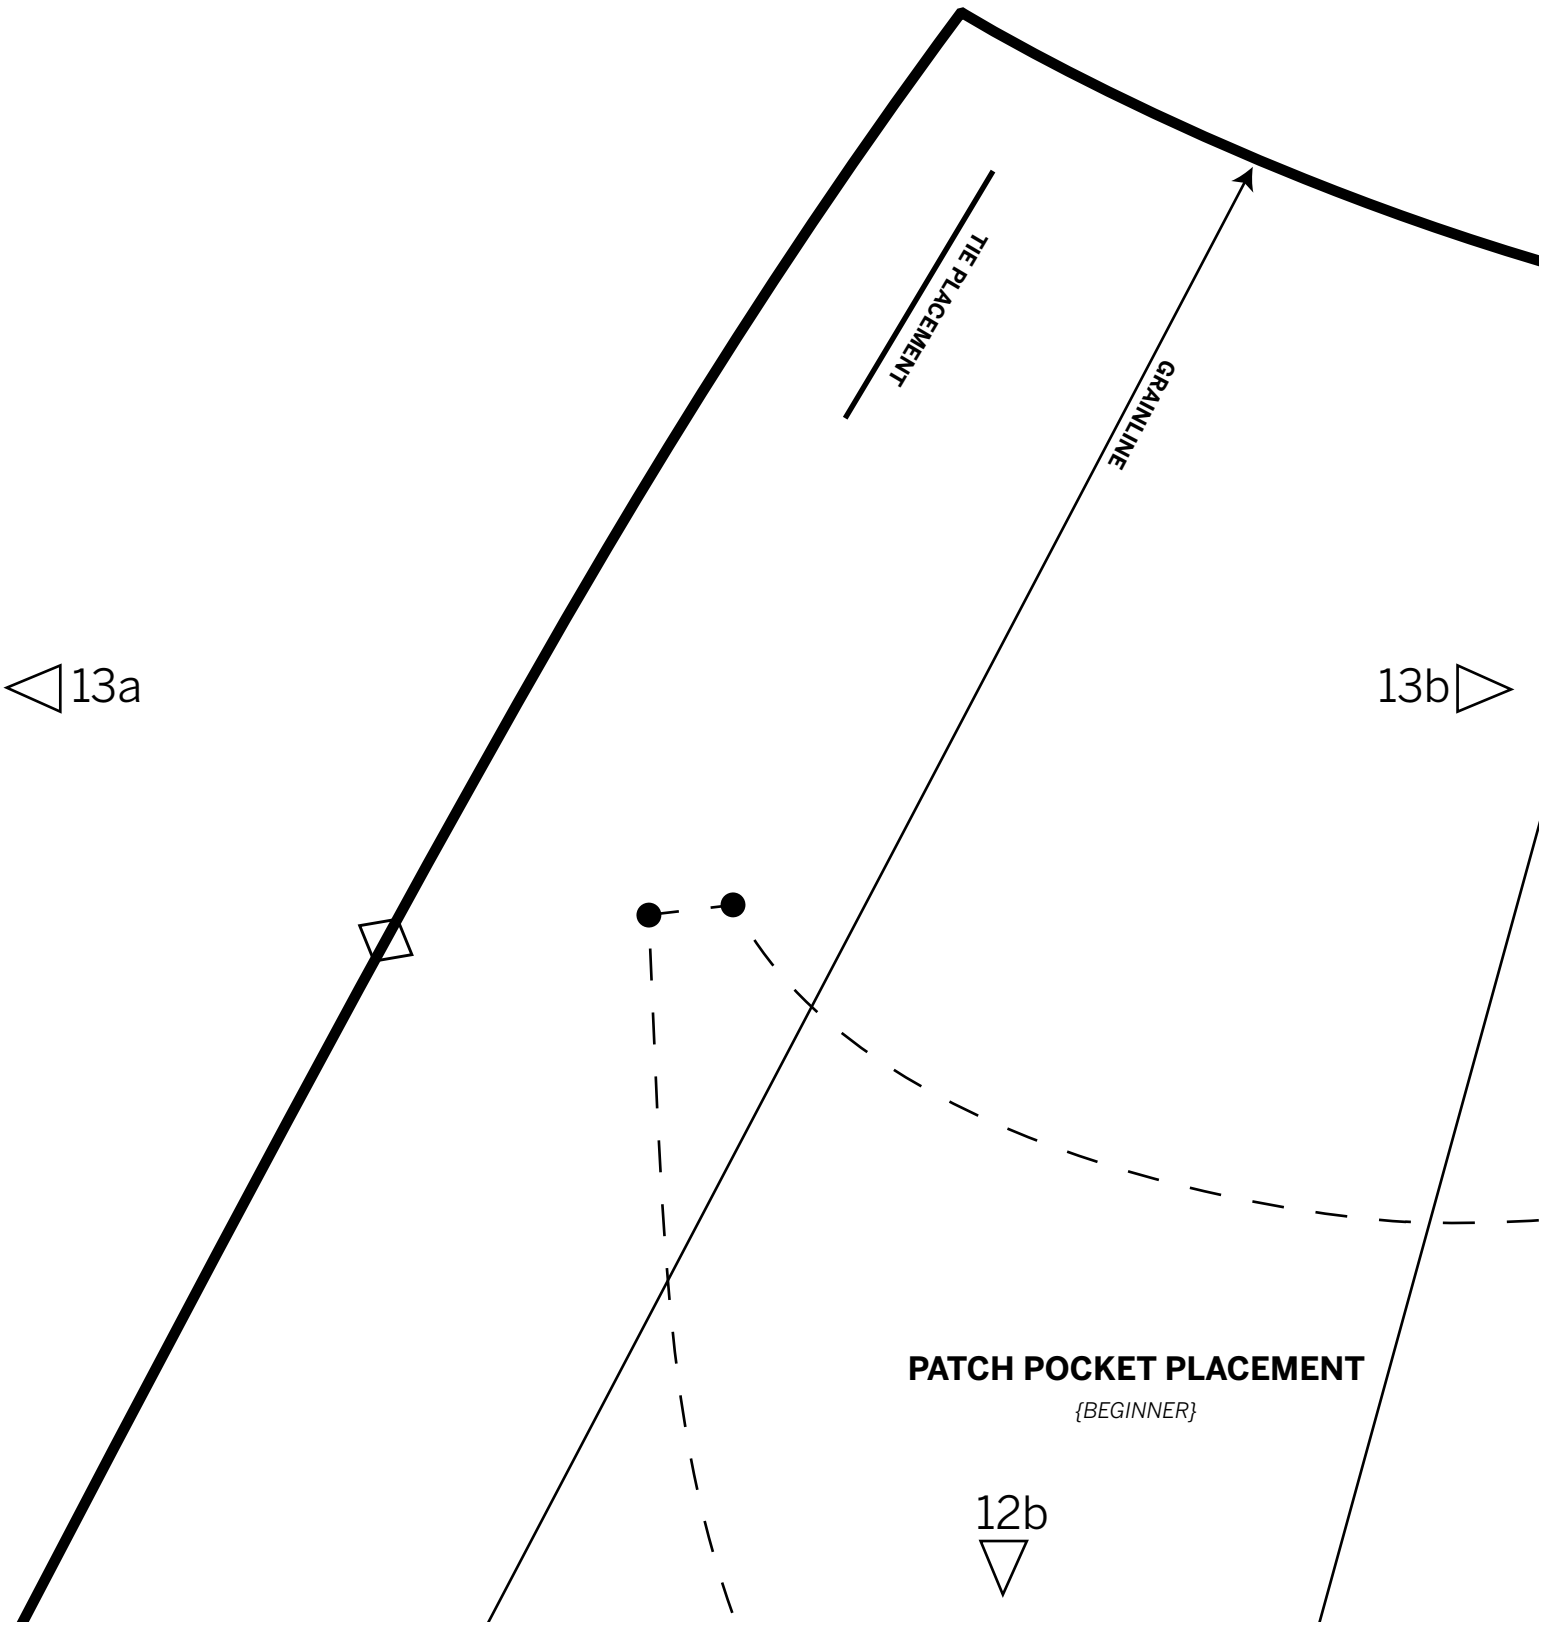

{BEGINNER}

* Sew all seam allowances 5/8" unless otherwise noted in sewing instructions or on pattern.

* Refer to pattern pieces for cut quantities and grainlines.

HOW TO SIZE YOUR PATTERN

* This pattern was sized for a 30" waist. To make larger or smaller, find the difference between your waist measurement and divide by 4. Example: For a 32" waist, cut along this line and widen pattern by 1/2". Be sure to apply this formula to the back skirt pattern as well.
