Advanced Toy

- String
- Rubber band
- 2 Foam circles
- 2 Brads

30-60 min
1. Make the arms. Place the circles at the edge of each shoulder, punch a hole in the center.
tip Use double sided tape to stick the circle to the arm
3. Punch 4 more holes and make 2 diagonal cuts, as shown in the picture.
The diagonal cut goes all the way to the hole.
Make the body.
Place the arms at the back of the body. Make sure the circles touch each other and mark the center holes.
7 Punch 2 holes according to marks, thread 2 brads to connect the arms to the body.
Insert a small rubberband to connect upper holes.
Thread a string through lower holes and make a knot.
tip Make sure the knot is centered
Draw a face and give it a try!
